Subject: Fw: Silverton School and Cement Creek Conference

Hi, Martin.

Below is the communication I've had with Steve Way regarding the request from the teacher. I believe Steve will be coordinating with Rob.

Hi, Steve.

Yes, if you could coordinate with Rob, that would be great. It sounds as though you guys have this covered, so I'll step out now.

Thanks!
Cynthia

Cynthia - sometime last week I offered but suggested Rob might be a better show for the students. Rob and I can talk if needed.

See ya

>> Hi, Cynthia,
>>
>> This is Katie Shapiro and I am a middle school science teacher at Silverton School. For the first
semester, the students are trying to answer the question: why is Cement Creek red? We are studying the
properties of matter and next week will be starting to investigate the properties of water.
>>

>> Is there a presentation happening on Tuesday that you think would be relevant to the students? We have science from 8-9 but let me know if there is another time that would work better. Or, would someone be able to come to the MS and give a presentation on Tuesday from 8-9 about the upper Animas watershed or Cement Creek specifically?

>>
